## TESTIMONIAL

To whom it may concern

This testimonial is issued for Ingenieur Büro Voigt based in Neuhaus, Germany, represented by Mr. Hans Joachim Voigt.

On June 22, 2012, Voith Turbo Marine SteamTrac B.V. and Ingenieur Büro Voigt entered into a consultancy employment contract to carry out engineering work in relation to the development of automation process software for Voith Marine SteamTrac & Drive Waste Heat Recovery systems.

Due to a decision recently taken by the Board of Voith Turbo GmbH & Co.KG, the company activities of Voith Turbo Marine SteamTrac B.V. shall be suspended as from December 1 st, 2012, and will be dissolved accordingly.

During the duration of the employment contract between the parties, Ingenieur Büro Voigt based in Neuhaus, Germany , represented by Mr. Hans Joachim Voigt, have shown an outstanding performance in relation to the work accomplished , i.e. creativity, know-how, cooperative, high quality and target focussed.

The overall judgement is: excellent

Mit freundlichen Grüßen

Marcel Flipse  
Managing Director,
